This training is aimed at all professionals working with young people.

Aim:

To increase understanding of the links between rises in under 18 conceptions and sexually transmitted infections with the misuse of drugs and alcohol by young people in Kent.

Objectives:

By the end of the session participants will:

- Have an understanding of the key issues that relate to early sexual activity and young peoples experiences and perception of using drugs/alcohol.
- Understand the implications for practice and to explore effective interventions, including awareness of local resources.
- Have the opportunity to explore their own values and attitudes in relation to young peoples sexual health and drug/alcohol use.
